

"The mutli-add feature saves us time every day by allowing add time data to multiple employees at once, so we don't have to add each employees time entry manually."

NOVAtime Makes Workforce Management Easy for Armstrong Marine with Powerful Features

NOVAtime has successfully provided Armstrong Marine with a Workforce Management solution for their two locations which provides functionality beyond Armstrong Marine's expectations.

Diamond Bar, CA November 30, 2016 -- NOVAtime Technology Inc.(www.novatime.com), a forward thinking Workforce management / Time & Attendance company, has enabled Armstrong Marine to manage their workforce simply and easily with the NOVAtime 5000 Vendor-Hosted solution and [NT 7000 Biometric Smart Clocks](#).

Armstrong Marine is a designer and builder of high performance welded aluminum boats and barges with two locations spanning the west and east coast of the United States. Their goal is to "build the best boats on the water" so naturally, when they required a workforce management solution, they chose the 'best-in-breed' choice: NOVAtime 5000.

The unique business needs of Armstrong Marine required a workforce management solution able to track their workers at two locations, one in Port Angeles, WA, and the other in Swansboro, NC. This solution not only had to be able to track employee time & Attendance for these two locations, but also integrate fully with their Wells Fargo Payroll System.

Not only was NOVAtime able to satisfy these two requirements, but was able to provide valuable time saving features. One of these features, 'multi-add', was particularly popular with Ashley Bowling, an accounting employee for Armstrong Marine. "The mutli-add feature saves us time every day by allowing add time data to multiple employees at once, so we don't have to add each employees time entry manually!"

With the powerful combination of functionality, ease-of-use, and seamless integration with Wells Fargo Payroll, NOVAtime 5000 ensures that Armstrong Marine's workforce management needs are taken care of with a minimum of time and stress.

For more information on NOVAtime and how they can help you streamline your workforce management needs, please email sales@novatime.net or call 877.486.6682.
