NOVAtime Technology, Inc. to Showcase Its Powerful Workforce Management Solutions at the Society for Human Resource Management (SHRM) 2014 Annual Conference & Exposition

Diamond Bar, CA ([PRWEB](http://www.prweb.com)) June 16, 2014 -- NOVAtime Technology, Inc. (<http://www.novatime.com>), a leading provider of enterprise Time and Attendance/Workforce Management solutions, announced that it will showcase its complete line of Workforce Management solutions at the Society for Human Resource Management's (SHRM) 66th Annual Conference & Exposition. The event will be hosted at the Orange County Convention Center in Orlando, Florida from June 22-25, 2014.

Founded in 1948, SHRM is the world's largest HR membership organization devoted to human resource management, representing more than 275,000 members in over 160 countries. SHRM has been hosting the Annual Conference for more than six decades, providing HR and Payroll professionals with an opportunity to refresh their understanding of the HR and Workforce Management industries. The conference provides sessions with a full range of HR education, world-class keynote speakers, and an exposition that allows attendees to network with peers and learn about new products, services, and solutions.

This year's SHRM Annual Conference & Exposition will have over 700 exhibitors and 14,000 attendees from around the world. NOVAtime will be located at booth #776, showcasing the latest advancements in the NOVAtime's Time and Attendance/Workforce Management systems and time clock devices designed to streamline workforce management processes in an industry with ever-changing compliance requirements. Scott Rose, Enterprise Account Manager at NOVAtime, explains, "[NOVAtime solutions make time and attendance, scheduling, leave and accrual management, and payroll processing easier and more efficient](#), while helping ensure that your company complies with federal, state, and local labor laws. Compliance requirements are constantly changing, and our solutions are continually updating to meet these requirements."

The centerpiece of the 2014 NOVAtime showcase will be the company's [latest and most advanced time clock – the NT7000](#). Available in biometric and proximity badge models, the NT7000 features a vibrant 7" high resolution color display with capacitive touchscreen, a user-friendly interface, and a numeric keypad. Unique features of the device includes multi-language support (i.e. English, Spanish, French, Chinese), the ability to load videos for playback (great for training and safety tips), and a wide-angle camera that captures photos for further identity verification (usage optional). Frank Su, President of NOVAtime, states, "A lot of research and development has gone into making the NT7000, so we are very excited to showcase the NT7000 at the SHRM 2014 Annual Conference & Exposition." Brian Harris, Vice President of Client Services, comments, "Customers have really embraced this new technology in the workplace, and the positive feedback we've received so far has been phenomenal. We can't wait to display it at the SHRM Exposition!" Mr. Rose adds, "One of customers use this clock and ask their employees to report injury. NT7000 isn't just a time clock – it can be configured to ask your employees if they have taken their required breaks and lunch, and notify supervisors!"

NOVAtime's continued support of SHRM and other national industry associations has enabled organizations to recognize the NOVAtime brand as a leader in the Time & Attendance/Workforce Management industry. NOVAtime's participation ensures that its solutions continue to address current industry challenges and

compliance requirements. Visit the NOVAtime booth (#776) and learn more about how we have helped other companies control costs, while remaining compliant with today's challenging business requirements. SHRM attendees and exhibitors will have an opportunity to win a Galaxy Tab 3—sign up to win at <http://www.novatime.com/shrm2014.aspx>.
