

NOVAtime Technology, Inc. Successfully Renews Microsoft Gold Certified Partner Status

NOVAtime renews Application Development Competency Gold Certified Partner Status in the Microsoft Partner Program.

DIAMOND BAR, CALIF. ([PRWEB](http://www.prweb.com)) November 30, 2015 -- NOVAtime Technology, Inc. (<http://www.novatime.com>), a leading provider of enterprise Time and Attendance/Workforce Management cloud-based solutions, announced today that it has renewed the Gold Certified Partner status in the Microsoft Partner Program with competencies in the Application Development, demonstrating a “best-in-class” ability and commitment to meet Microsoft’s customers’ evolving needs in today’s dynamic business environment and distinguishing itself within the top one percent of Microsoft’s partner ecosystem.

Mr. Gil Sidhom, NOVAtime’s Chief Scientist, says, “NOVAtime has attained the Microsoft Gold Partner status since 2009. We have continued to demonstrate NOVAtime’s deep expertise and affirmed our commitment to the latest Microsoft technology.”

“NOVAtime’s workforce management solutions are developed using the highest development and quality standards. Microsoft’s Gold Partner Status in the Application Development competency differentiates NOVAtime Technology as a trusted expert in Microsoft’s technologies,” says Tom Richards, Vice President of Engineering.

Mr. Richards added, “Using Microsoft’s products and technology, we are proud to continue to reinvent ourselves and provide an industry-leading line of hardware solutions that sends data in real time to the application since 2006. Our [NT7000](#) and [NT450 time clocks](#) are built on top of the Microsoft Windows CE platform, and our mobile [NT65M PDA handheld barcode](#) terminals are built on the Microsoft Mobile platform. Same goes to our business analytics NOVAanalytics add-on module and the [IVR/SIP Phone-In](#) solution.”

Mr. Sidhom states, “We’re proud to say our world-class workforce management software solution and various time clock programs are built using the Microsoft .Net Framework, and providing the reliability and flexibility needed in almost any business environment.”

The Microsoft Partner Program was launched in October 2003 and represents Microsoft’s ongoing commitment to the success of its partners worldwide. The program offers a single, integrated partnering framework that recognizes partner expertise, rewards the total impact that partners have in the technology marketplace, and delivers more value to help partners’ businesses be successful.
