

ISUN Simplifies Leave Management with NOVAtime's Workforce Management / Time and Attendance Solution

NOVAtime has made payroll and leave management easy for ISUN Visions.

RANCHO CUCAMONGA, CALIF. (PRWEB) September 28, 2018 -- NOVAtime Technology, Inc. (<http://www.novatime.com>), a Workforce Management / Time and Attendance industry leader, is happy to announce ISUN's improved time tracking, leave management, and payroll processing efficiency with NOVAtime.

ISUN

"The Employee Time-Off Request page and Leave Management features have provided ISUN with a huge boost to our efficiency, saving managers and supervisors countless hours by automating work hours and leave calculations."

ISUN Visions, LLC, located in Ridgway, CO, provides hand-crafted, high performance alchemical creations made with organic ingredients designed for eye, lip, and skincare. Founded by Bunnie Gulick after 20 years of developing skincare products, ISUN prides itself on providing healthy, natural cleansers, moisturizers, exfoliants, and serums. ISUN invests in its employees and, in turn, passes that energy along to their end users.

Previously, ISUN used manual timecards and calculators to tally their work hours. Since implementing the NOVAtime Workforce Management / Time and Attendance solution in 2016, they have been thrilled with the system's automated time tracking, leave management, and payroll integration tools, as well as the support they've received.

Nicole Wilson, Office Manager with ISUN, notes "Michael in tech support is such a pleasure to work with. I am always pleased when he ends up being the one to answer my tech support call." She adds, "The Employee Time-Off Request page and Leave Management features have provided ISUN with a huge boost to our efficiency, saving managers and supervisors countless hours by automating work hours and leave calculations."

ISUN utilizes the NOVAtime 5000 SaaS Workforce Management / Time and Attendance solution throughout the organization. NOVAtime is an Ascentis company.

About Ascentis
