

Bystedts, LLC Salon Cuts Buddy Punching, Streamlines Scheduling with NOVAtime

NOVAtime has made Workforce Management / Time and Attendance easy for Bystedts, LLC with NOVAtime 5000 SaaS, a mobile app, and NT7000II-FP smart time clock.

RANCHO CUCAMONGA, CALIF. (PRWEB) November 21, 2018 -- NOVAtime Technology, Inc. (www.novatime.com), a leading Workforce Management / Time and Attendance solutions provider, implements its NOVAtime 5000 SaaS solution, mobile app, and NT7000II smart clock with fingerprint reader for Bystedts, LLC.

Bystedts operates a Great Clips salon franchise that provides quality haircuts and haircare products. Located in La Verne, California, the salon strives to deliver excellent service and exceptional haircuts, ensuring all customers look and feel their best.

In line with their grand opening in October, Bystedts wanted to equip itself with a workforce management solution that included time tracking, scheduling, and a variety of data collection methods. The salon found everything it needed with the NOVAtime 5000 SaaS Workforce Management / Time and Attendance solution, NT7000II smart clock, and NOVAmobile app for iOS (iPhone, iPad) and Android smartphones and tablets.

Leanna Leverette, Salon Manager, says, "Stylists really like the mobile app! It's very convenient to be able to view schedules and request time off directly on their smartphones." Ms. Leverette manages all of the stylists' schedules from the system's Supervisor Web Services.

Sandi Owens, Bookkeeper, has found the payroll process to be quick and effortless, as NOVAtime 5000 integrates with the Paylocity system that Bystedts utilizes for its payroll services. She adds, "The system is very user-friendly and super easy to use. I like how simple the integration is between NOVAtime and Paylocity."

Bystedts enjoys peace of mind knowing that the time clock prevents any "buddy punching"—that is, employees clocking in for one another—with the built-in Lumidigm fingerprint reader. Moreover, the system's meal lockout feature assists with labor law compliance, ensuring employees take a full 30-minute meal break as required by law.

"Stylists really like the mobile app! It's very convenient to be able to view schedules and request time off directly on their smartphones."

Bystedts has implemented the NOVAtime 5000 SaaS Workforce Management / Time and Attendance solution throughout the salon for all of their stylists. NOVAtime is excited to be Bystedts' vendor of choice and looks forward to continuing to provide unmatched service for a local business.
