

## **NOVAtime Continues to Demonstrate its Commitment to Cutting Edge Technology with its New Find My Employees Feature**

*Continuing to demonstrate its commitment to applying cutting edge technologies to its best-of-breed Workforce Management / Time & Attendance system, NOVAtime Technology, Inc. is proud to announce the release of its new 'Find my Employees' feature, allowing supervisors to track their employees using beacon technology indoors and GPS technology outdoors.*

RANCHO CUCAMONGA, Calif. ([PRWEB](http://www.prweb.com)) January 23, 2018 -- NOVAtime Technology, Inc. (<http://www.novatime.com>), a leading provider of Workforce Management / Time & Attendance solutions, is proud to announce the new "Find My Employees" feature for the NOVAtime system. With this addition, NOVAtime continues to show that it is an industry leader in improving Workforce Management / Time & Attendance functionality through the use of cutting-edge technology.

Designed for businesses that need their supervisors to have real-time information on where their employees are, "Find My Employees" combines Beacon technology for accurate indoor tracking, while using GPS for outdoor tracking. The Beacon technology is able to function using an employee's existing Bluetooth-enabled mobile phone. For outdoor tracking, Find My Employees takes advantage of the GPS module already in mobile phones to relay location data to Find My Employees.

Combining these two tracking methods with an intuitive and easy to understand display that only shows the information relevant to a supervisor's query, Find My Employees minimizes screen clutter to maximize truly valuable information. To help further reduce clutter and ensure privacy, Find My Employees only tracks employees via GPS during their scheduled hours, preventing needless tracking.

"We are thrilled to be launching Find My Employees for NOVAtime," states Brian Harris, VP of Client Services. "With Find My Employees, businesses with mobile workforces or large work premises have a solution that allows them to effortlessly track their employees, indoors and outdoors, for safety and day-to-day management purposes."

Customers interested in adding Find My Employees to their NOVAtime Workforce Management / Time & Attendance solution should contact their authorized resellers or NOVAtime support representative.
